2012-2013 Capital Campaign **Pledge Form**

"See now, I now live in a house of cedar, but the ark of God dwells in the middle of a tent."
(2 Kingdoms 7:2)

The Need

We are at a significant and exciting crossroads in our journey as a faith community! Our exit from our long-time temporary location of St. George's Anglican Church Hall makes obvious that a permanent home is an absolute necessity.

The Opportunity and the Call

Therefore, our present dislocation gives us both an opportunity and call to begin in all seriousness the work towards owning a permanent temple...

- for worship & growing together in Christ.
- for our children and future generations.
- for serving the community.
- for the Glory of God!

Join the great and noble task of building an Orthodox Church in Halifax, Nova Scotia, Canada!

Everyone Can Pitch In

We ask you to consider making a pledge, *above what you already give*, to the work of the Church through this Capital Campaign — building God's kingdom in this time and place. Give according to your means, prayerfully and joyfully.

What is our monetary Goal

Low estimates suggest we can easily reach \$20,000 through Capital Campaign Pledges by Aug 31, 2013. Low Estimates:

10 people @ \$10/week = \$4,400
7 people @ \$20/week = \$6,160
1 person @ \$50/week = \$2,200
1 time donations..... = \$7,250
\$20,010

Ultimately we must raise above \$100,000.

FAQs

Q. Why use a pledging system and how do I pledge?

A. A campaign of this size will only achieve its goal through pledges. This campaign requests pledges of up to one year. Pledges enable people to give larger gifts than they would otherwise be able to with one-time gifts. Pledges also develop longer term commitment and loyalty to the effort. All pledges should be completed by church year end (Aug 31, 2013) – upon which we will know our financial needs much better and start on a 2013-14 pledge campaign.

Q. I am already making weekly contributions to St. Vladimir's. Why do I need to contribute to this campaign?

A. *This campaign is truly an extraordinary event in the life of the parish.* Members must be willing to give with a sense of commitment over and above their regular contributions to demonstrate their support. Willingness and commitment are the hallmarks of this campaign and will ensure its success.

Q. Why a one year plan?

A. Our \$20,010 estimated pledges for 2012-13 is only a small portion of what is required to purchase a building. We believe that starting with a manageable amount, and building upon this amount each year will help us achieve our goals without causing undue financial pressure.
